Dear Hopatec,

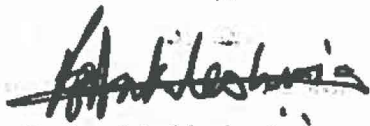

Education Above All (EAA) Foundation, launched in November 2012, is raising funds for our remarkable programme, Educate A Child (EAC).

Since inception, EAC has worked in 50 countries around the globe to increase access to quality primary education for the world's most vulnerable and marginalised out of school children (OOSC). To date, EAC, through its partnerships, has provided education opportunities to more than 6.6 million children and secured commitments to enrol more than 10.4 million. EAA envisions a world where every individual has the opportunity to access a quality education, and its programme, EAC, focusses specifically on the hardest-to-reach OOSC who face many and often multiple barriers to education, including poverty, conflict, cultural barriers, and natural disasters. Furthermore, EAC has implemented over 70 partnership projects, enabling OOSC to overcome the barriers that impede access to education. For more information on Education Above All and its programmes, please visit <http://educationaboveall.org/>

We are delighted to be the official charity partner of QMWBC who is collaborating with Hopatec, the official providers of Hopasports. This is to confirm that Hopasports is authorized to collect charitable funds solely through their website (www.hopasports.com), for the "Road to Awareness Campaign", on behalf of Education Above All Foundation to support our work in the areas of children's education.

For more information on Education Above All, please visit <http://educationaboveall.org/>

Yours sincerely,

Parintaj Ankleshvria
Director of Fundraising and Partnerships
